***We use iCEV Online Curriculum** (www.icevonline.com)
CEV Multimedia, Ltd., founded in 1984, is on the forefront of innovative educational materials. CEV specializes in providing quality curriculum and educational resources for the subject areas of Agricultural Science & Technology, Business & Marketing, Family & Consumer Sciences, Trade & Industry and Career Exploration.

*Students will need their MacBook and pen/pencil every day

*Students will have plenty of class time to complete assignments ~ they should not have homework, unless studying for a quiz or test! This also means assignments will not be accepted after their due date.

*All students have the opportunity to redo assignments and tests, within a defined timeframe, for a maximum of 70

*Students enrolled in my classes are also eligible to join **FCCLA** (Family, Career and Community Leaders of America), with Mrs. Sullivan

2021-2022 Class Descriptions

Principles of Human Services:

This course will enable students to investigate careers in the human services career cluster, including employability skills, teamwork and collaboration, business ethics, and marketing fundamentals. Each student is expected to complete the knowledge and skills essential for success in high-skill, high-wage, or high-demand human services careers.

Students are encouraged to participate in extended learning experiences such as career and technical student organizations and other leadership or extracurricular organizations.

***Prerequisite** for these CTE courses: Cosmetology, Criminal Justice, Culinary, Health Services, Human Growth & Development

Human Growth and Development:

Human Growth and Development is an examination of human development across the lifespan with emphasis upon research, theoretical perspectives, and common physical, cognitive, emotional, and social developmental milestones. The course covers material that is generally taught in a postsecondary, one-semester introductory course in developmental psychology or human development.

***Prerequisite** for Practices in Education & Training (PIE)

Practices in Education and Training (PIE):

Instructional Practices in Education and Training is a field-based internship that provides students with background knowledge of child and adolescent development as well as principles of effective teaching and training practices. Students work under the joint direction and supervision of both a teacher with knowledge of early childhood education and exemplary educators or trainers in direct instructional roles with elementary-, intermediate-, and high school-aged students. Students learn to plan and direct individualized instruction and group activities, prepare instructional materials, develop materials for educational environments, assist with record keeping, and complete other responsibilities of teachers, trainers, paraprofessionals, or other educational personnel.

***Double-blocked course** for Junior and Senior students only
