AT A GLANCE: GLEN ROSE ISD'S DISINFECTING PROCESS

Glen Rose Independent School District is disinfecting at all campuses and on school buses daily. Here's the process:

- **Using standard disinfectants called Spartan TnT, and Spartan HDQ Neutral, each campus custodial crew and transportation staff will wipe down every surface that someone might touch, with particular attention to doorknobs, drinking fountains, playground equipment, and bus seats. This process will occur daily.**
- **Spartan TnT, and Spartan HDQ Neutral is used routinely by Glen Rose ISD for normal cleaning. According to the manufacturer, it "provides broad spectrum kill of microorganisms including HIV-1, VRE, MRSA, GRSA, MRSE, VISA, PRSP, Herpes Simplex Types 1&2, Influenza Type A2, Adenovirus, HBV, HCV, and many more."**
