HONORS ART 3: WELCOME

Your student is enrolled to take HONORS Art 3, and a lot of awesome pieces will be made this year! This class will fast track students into independent investigations, all while creating additional opportunities to improve on and expand their skill sets. Students showing a gifting in certain areas may choose to focus on that for the entire year.

SUPPLIES:

All supplies will be provided for your student. However, it does happen from time to time that a student chooses to do something very unique in a sustained investigation, which may require them to bring something in from outside. As always, students are welcome to bring their own supplies, and purchases of this nature are encouraged for students who plan on pursuing art after high school, in an effort to create their own supply base without an immediate exorbitant cost..

SUCCESS IN HONORS ART 3:

Participation is 50% of your grade. Effort in originality and skill is the other 50%. In HONORS Art 3 students are expected to investigate original ideas and, as always, turn your assignments in on time. To keep up with the rigor of this course, **students who are not able to keep with their assignments will be removed and placed into Art 3.**
